MERKOS 302

■ ■ ■

MOISDOS
& PROGRAMS

erkos 302 began with a single *Kinus hachlatah*: to provide a tool for shluchim to engage their baalei baatim with limud hatorah, anytime and anyplace. The next *Kinus Hashluchim* called for more chinuch resources for shluchim's children, and the following year called for means through which to help shluchim engage teenagers in their communities.

Fast forward fifteen years and one hundred programs later, Merkos 302 continues to respond to *Kinus hachlatos* and the pressing needs of shluchim in their communities.

At Merkos 302, we have only one goal: to help shluchim complete the last phase of their shlichus by preparing their makom hashlichus to be mekabel pnei Moshiach Tzidkeinu. Our mission has always been to serve your mission, and we will continue until the shlichus is complete.

To help familiarize yourself with the many resources available for your shlichus, we have prepared a catalog of Merkos 302's current programs, which we merit to facilitate thanks to the Rebbe's brochos and the guidance of the many shluchim on our advisory committees.

Please take some time to review our current programs and learn how Merkos 302 can assist you in your shlichus. Our solutions are flexible for every Chabad House, and we have a dedicated team standing by to help you find the right programs for your community. At Merkos 302, we are constantly striving to advance our programs, and your feedback is critical in this process. To request a program or service that you do not see, or to send feedback about an existing program, don't hesitate to contact us.

May all your hard work and mesiras nefesh culminate with the hisgalus of melech hamoshiach teikef umiyad mamash.

Rabbi Mendy Kotlarsky

Executive Director, Merkos L'Inyonei Chinuch, Suite 302
