Our 501(c)3 synagogue is buying a car for our Rabbi to use for synagogue...

Dear Adam

As long as the ownership is to the synagogue and the proper tax exempt forms are supplied, the dealer should not collect sales tax. Please make sure the MV82 is correctly completed for this. As owners, you will need to complete section 3 on this form with the dealer taking care of their section and the rabbi doing his areas. You will need to provide proof of your state filing as a 501(c)3 with the Department of State (filing receipt or copy of a title already issued in the synagogue's name).

Our 501(c)3 synagogue is buying a car for our Rabbi to use for synagogue purposes. But we want him to register and insure the car in his own name. Question: When buying the car at the dealer, if we're purchasing the car with our Exempt Purchase Certificate ST-119.1, do we need to pay tax if it's titled to us yet registered to our Rabbi?
