

I am the fattest, maddest, baddest king of Persia
Just look at me, drunk as can be
And here's my wife, the mean and evil nasty Vashti
A sight to see, so pimply

Chorus:

Ooooh....

We come to you from Shushan
Where sadness turned to joy
Happiness for every girl and boy

Ooooh...

We wish you Happy Purim
Enjoy this month of fun!
Of Orah, Simchah and Sasson! אורה, שמחה וששון

I am the slyest, cruelest man in all of Persia
Haman's my name, I'm so ashamed
For when I led the horse under my daughter's rooftop
Garbage became my claim to fame

Chorus

And here's her royal highness, lovely, pretty Esther
Our heroine, the righteous queen
And Mordechai HaTzadik, leader of our nation
His Tachnunim saved the Yehudim

Chorus:
